

NEW SNOW PRONGHORN STRAPS

Snow Pronghorn Straps should be a part of every backcountry traveler's kit. These virtually unbreakable stretch polyurethane straps with aluminum fasteners are designed specifically for snow and cold temperatures, quickly connecting gear, making temporary field repairs and thousands of more uses – we've even used them to tow a snowmobile by connecting ski to bumper! Sold as a set of 2, Snow Pronghorn Straps in black are 3/4" wide and 25" long.

TRACKER PACKER

Every backcountry traveler should consider carrying a satellite-enabled tracker and emergency beacon when adventure calls beyond cell phone range. Giant Loop's ruggedized Tracker Packer holster enables users to wear the SPOT Gen3 trackers and Delorme and Garmin inReach SE and Explorer two-way satellite communicators securely attached to a backpack strap, keeping the emergency beacon within reach for the user or visible and accessible for first on the scene assistance.

MSRP \$50.00

GAS BAG FUEL SAFE BLADDER

Giant Loop's Gas Bag™ Fuel Safe Bladders conveniently transport hydrocarbon fuel for power sports racing in a collapsible welded film and ballistic nylon reinforced container. Rolls up or packs flat when empty, the Gas Bags weigh a fraction of other fuel containers. Also available in a 1-gallon version, Gas Bag Fuel Safe Bladders provide a lightweight, compact means of transporting gas for off-road racing on closed courses. Each Gas Bag Fuel Safe Bladder is individually pressure tested and made in USA by Fuel Safe, a leading racing fuel containment manufacturer based in Oregon.

NOTE: Intended only for the temporary transport of liquid hydrocarbons for racing vehicles used in professional off road and closed course competition racing events. The Gas Bag Fuel Safe Bladder is not a portable or long-term fuel storage container as described by ASTM, EPA, ARB or other state or federal agencies.

NEW REVELSTOKE TUNNEL BAG™

PART NO. S-RTL18
MSRP \$99.00

Revelstoke Tunnel Bag offers hardcore snow bike and mountain snowmobile explorers the super tough, lightweight and 100% waterproof, snowproof solution for packing backcountry essentials and emergency supplies, getting gear weight out of your backpack for increased comfort and reduced fatigue. No more excuses for venturing into winter wilds without emergency and survival kits packed on your sled or snow bike. Mounts on snowmobile or snow bike tunnel with set of 4 included webbing anchor straps with all aluminum fasteners.

3.5 LITERS

FENDER BAG/ NUMBER PLATE BAG

PART NO. S-FDBG18
MSRP \$65.00

Giant Loop added its super tough Rubber Boa Straps to its waterproof/snowproof Possibles Pouch to make the ultimate Fender Bag and Number Plate Bag for snow bikes. Straps on, stays on. Compatible with virtually all dirt bike plastic fenders and number plates.

3.5 LITERS

POSSIBLES POUCH ROLL TOP

PART NO. S-PSP18
MSRP \$50.00

For snow bikes and snow mobiles, Giant Loop's new waterproof, snow proof, roll-top Possibles Pouch offers 3.5 liters of storage, rugged RF-welded construction, multiple lash points for a variety of anchor points and includes a pair of webbing anchor and compression straps. Perfect for snow bike and snowmobile tunnels, lashes to other gear or stows inside a backpack for waterproof storage.

BUSHWACKERS HAND GUARDS (PAIR)

PART NO. S-BWH18
MSRP \$45.00

Save your hands this winter with snow, wind and brush protection that supplements rigid deflectors. Strap on in seconds – and quickly pop off to stow away when conditions improve. Includes 15" stretch polyurethane Pronghorn Straps for secure attachment.

LIFT STRAP

PART NO. LIFT17
MSRP \$15.00

Heavy-duty webbing lift strap with steel tri-glide fasteners attaches to snow bike fork tubes, snowmobile bumpers and just about anywhere else a sure grip is required to help pull a riding buddy out of a tight spot, assist with loading, etc. Features custom Giant Loop molded rubber handle for lifting comfort.

ZIGZAG HANDLEBAR BAG

PART NO. S-ZHB18
MSRP \$55.00

Sometimes you only need the bare bones basics — spare gloves, goggles, wallet, phone, registration/insurance cards and other small items. Perfect for snowmobiles, snow bikes and technical riding. This versatile bag fits not only on handlebars, but also on snowmobile and snow bike bumpers, passenger handles, etc. — and it can be strapped to a backpack or belt.
